ABOUT VANTAGE ID

Vantage ID leverages more than 28 years of expertise and experience in designing, developing, and deploying RFID and barcode tracking technologies. We pride ourselves on knowledge sharing and empowering our customers with their needed information for successful implementations. Vantage ID, See it all. Track it all.

CORE COMPETENCIES

Barcode and RFID Experts: Turn-key RFID solutions, rugged tablets, mobile computing devices, scanners, printers, supplies, software, service

- Rugged Tablets:** Tablet with rugged certification (MIL-STD-810G, IP65)
- Tablets:** A one-piece mobile computer equipped with a touchscreen and an on-screen, hide-able virtual keyboard.
- 2-in-1 Devices:** Traditional clamshell laptop equipped with a touchscreen and the ability to convert to a tablet. Covert by detaching, sliding, folding, or twisting.
- RFID Solutions:** Turn-key active & passive RFID solutions for asset tracking: Fire/EMS agencies, Medical Examiner agencies, and Morgues
- Software:** Label printing design and automation, warehouse, inventory control, asset tracking, custom data collection
- Consumables:** RFID tags, thermal transfer labels, paper, and polyester labels, custom labels, inkjet labels, color labels, wristbands, tamper-evident seals
- Printers:** Thermal Transfer Printers, Barcode Printers, Label Printers, RFID Printers
- Service:** In-house label printing, testing, kitting, RFID encoding, printer repair, tech support, and site survey

DIFFERENTIATORS

- Courtesy Discovery Calls: team approach with high-level expertise to offer turn-key solutions
- Assistance solving complex labeling challenges: compliance, extreme conditions, temperature, moisture, clean room, outdoor
- Advanced certifications and top rankings with industry leaders provide premium technical resources, products, and pricing.
